Gas World

Index to Vol. CLXXI — January to June, 1970

ABERGAS advance, 440

A boiler to overcome corrosion problems, 471

A departure from the traditional (leader), 543

A gap that must be bridged (leader), 165

Alberta fights proposed natural gas price controls, 288

Algerian gas for U.S.A., 308

Ambergate contract, 369

A myth with a menace (leader), 239

An analysis of fuel trends (leader), 595

A national consultative council? (leader), 283

A national consultative council is essential, 354

Angled seating in control valves, 119

Anglo-American link-up, 523

Anglo-Japanese Siberian hopes, 505

Anglo-U.S. eyes on meter market, 549

Anglo-U.S. team to combat air pollution, 485

Annunciator alarm system, 204

A North American energy policy (leader), 609

Another pipeline order placed, 127

Anti-pollution programmes, 421

Annual conference of the National and Local Government Officers' Association, 696

Apparatus to give quieter central heating, 383

Appointments: A. G. Pratt, Maurice Redman, 19; L. Bean, 87; J. F. Dorran, 87; R. W. (Bill) Sinden, 88; L. A. Garratt, H. Waiton, A. E. Gould, 152; John C. Griffiths, David R. Atkinson, John Forsyth, 131; Colin Sullivan, 131; Donald MacKenzie, 131; Donald Johnson, 131; Paul Clarke, 131; R. B. Sharman, 115; H. F. Maton, 115; Mrs. D. E. Price, 115; K. P. G. Markland, 115; P. Gallaher, 261; A. E. Haynes, 203; B. C. Smith, 203; A. I. D. Frith, 203; W. D. Ellis, 203; K. A. Ramsey, 203; R. G. Bloom, 289; R. P. Rhodes, 289; Fenton F. Robb, 289; A. D. Trimmer, 289; S. A. Ward, 289; Haydn R. Taylor, 313; Peter Goodall, 313; S. Jewson, 313; Councillor J. Reddy, 313; C. H. Townsend, 356; Walter C. Moss, 356; Colin N. Brook, 373; J. M. King, 373; R. E. Sherman, 373; P. G. Haworth, 373; E. J. Edwards, 373; R. D. Larkins, 373; G. E. Cooper, 309; Robert Evans, 424; Ivan J. Whitting, 463; Councillor A. J. Hardcastle, Bert Worral, Alderman S. G. Sheppard, Alderman R. Wilkinson, Councillor J. Jennings, J. Balmain, 486; C. T. Fletcher, 551; A. G. Peglar, 601; G. B. Scott, 623; R. Evans, 623; T. Edlestone, 623; K. E. Jones, 647; D. G. Blagbrough, T. W. Jackson, F. G. Oliver, F. Tweedle, 672

Re-Appointments: Dr. C. A. Cooke, Mr. J. D. Hughes, 88; G. N. Wright, Dr. A. F. Trotman-Dickenson, 373; P. J. Summers, A. S. Alexander, F. E. Price, J. A. Cooke, 448; Lord Collinson, E. W. Phillips, 448; Alderman H. Sutcliffe, 486; Sir Cennydd Traherne, 486; J. A. Keyden, J. Bilbrough, Sir Leonard Cooke, W. A. M. Edwards, N. P. Newman, Alderman C. H. Smith, 486

Arctic Ocean gas and oil prospects, 170

Area chairman for CORGI, 423

A sprat to catch a mackeral (leader), 691

Australia gas production, 370

BIG drop in spending, 503

Bigger sales needed, 460

Big industrial growth for Eastern gas, 695

Big new markets, 443

Big savings expected from E.M.G.B. computer system, 260

Birthday honours, 670

Blocked vents in gas blast flat, 485

Boiler's vital role in pressure reduction, 504.

B.P. not so enthusiastic, 401

British Methane in lng project, 353

BSC close pipeworks, 420

BSC to use natural gas, 371

BSI booklets help exporters, 114

CANADIAN gas sales, 423

Canadian l.n.g. plant, 270

Canadians to examine influence of policy makers, 673

Changes in boundaries, 288

Clay Cross goes metric, 645

Clears waste from boilers, 513

Closed-circuit T.V. inspection, 119

Closed-circuit T.V. van, 224

Coal cedes to oil, 400

Coke plants to continue, 443

Coke shortage feared, 224

Coking plant for Argentina, 271

Commons questions on conversion and supply problems, 193

Commons questions on gas dangers and prices, 171

Compressor station commissioned, 461

Compressor stations for natural gas, 464

Computers cut costs, 643

Continental shelf demarcations, 400

Conversion complaints exaggerated, 169

Conversion progress, 397

Conversion undertakings to butane/air, 132/133/134/135

CORGI must turn nasty, 612

CORGI opens North West register, 547

Cryogenics industry expands, 414

Cumbrian firm signs contract, 459

Customer service department, 664

DANGERS of rising costs, 596

Danish designed gas mixer, 383

Davy-Ashmore future pattern, 169

Day by day, 227

Deliveries start from Lake Erie, 312

Developing unity of the engineering profession, by F. M. Moys, M.A., 89

Difficult year for Shell in North America, 170

Domestic Heating Society, 626

Don't start raising another hare (leader), 367

Dramatic increase in use of natural gas, 613

Drying and preheating coal, 310

Dual flow metering valves, 205

Dutch continental gas search, 196

EARLY warning on storage tanks, 507

Eastern gas communications, 482

East Midlands Gas Consultative Council: Bert Worral, 486

Electric actuator, 119

Electronic heat metering, 509

Electronic pressure transmitters, 96

Encouraging new ideas in pipeline technology (leader), 637

End of an era for North Thames, 171

Engineering service, 370

Equipment bends pipe three times in a single operation, 359

Eradicating the causes of trouble (leader), 83

Exchanger, 155

Experiences with high-pressure gas transmission, 173

Exploration programmes, 482

Expo '70, 584

Export award for burner makers, 311

FAULT alarm and annunciator equipment, 471

Ferranti dual computer, 461

Fireguards standards, 475

First "natural" baker, 415

Flameproof solenoid valve for flammable gasses, 703

Flueing of appliances—effect of natural gas, by Mr. M. R. Williams, 262

Forty nations for Moscow, 596

$42m. gas and sulphur plant, 612

France gets lng tanker order, 400

French gas sales, 369

Future of Woodall-Duckham, 483

Future uses of natural gas, 615

GAS and oil found in Java Sea, 129

Gas at I.E.A., 514

Gas Bill at committee stage, 148, 268

Gas Council: R. B. Sharman, 115; E. A. Haynes, 203; B. C. Smith, 203; A. I. D. Frith, 203; W. D. Ellis, 203; Fenton F. Robb, 289; Ivan J. Whitting, 463; W. A. Fitzsimons, 503

Gas Council oil powers battle, 223

Gas Council reserve fund, 423
Gas Council sponsor papers 1972 energy conference, 194
Gas Council under fire in T.V. interview, 128
Gas engine generator sets, 410
Gas-fired air conditioning, 512
Gas-fired make-up air units, 154
Gas gains ground at expense of smokeless fuel, 694
Gas industry offers boiler changeover, 693
Gas bill committee stage, 268
Gas industry pay claim, 151
Gas in Dutch power station, 150
Gas romps ahead in industry (leader), 307
Gas royalties, 286
Gas supply inquiry, 259
Go-ahead for third terminal, 399
Good advice rejected (leader), 395
Government reject national consultative council, 441
Growing demands for Dutch gas, 476

HEALTHIER trends in order book, 612
Heating sales campaign, 85
Higher voltage radiography, 383
Hinckley—concept and construction, 198
Honeywell plan ahead, 374
Hopes fade of finding oil off Scottish coast, 287
Hotelympia, 87
Housing for telemetric instruments, 489
Hygrometer detects gas wetness, 660

IDEAL Home Exhibition, 259;
I.G.E. 107th annual meeting, 575
I.G.U. needs quality not quantity (leader), 669
Income and assets, 355
Increase in gas industry capital expenditure, 441
Institution of Gas Engineers presidential address, 554
Institution of Gas Engineers papers summarized, 563
Instrumentation for the 'seventies, 402
Internal pipe inspection kit, 267
International Gas Union Moscow 11th conference, 698
Into the breach, 694
Irish Gas Association, 510
Italy to become biggest buyer of Soviet natural gas, 671
Italy wins big order of lng carriers, 693

JAPAN talks on l.n.g. imports, 112
Joint technology enterprise, 665

LANCASTER demisters, 155
Landmark in gas burners, 293
Last coal shipment to Nine Elms, 171
Latest North Sea find, 149
Latest stage in the big gamble, 109
Leading articles: Pride in achievement—but no complacency, 17; Eradicating the causes of trouble, 83; Latest stage in the big gamble, 109; Wanted: strong boys for whipping, 125; Trying to make a good Bill better, 147; A gap that must be bridged, 165; Salesmen, get on your marks, 191; The King is not yet dead, but . . ., 221; A myth with a menace, 239; Unnecessary—but probably wise, 255; A national consultative council?, 283; Gas romps ahead in industry, 307; Tactical victory for the Tories, 351; Don't start raising another hare, 367; Good advice rejected, 395; The price struggle starts again, 419; Public relations in the cathedral, 439; Set fair for the summer season, 457; 21 years of challenge and change, 481; The I.G.A. will never be the same again, 501; A departure from the traditional, 543; An analysis of fuel trends, 595; A North American energy policy, 609; Encouraging new ideas in pipeline technology, 637; I.G.U. needs quality not quantity, 669; A sprat to catch a mackerel, 691
Leakages of natural gas, 484
Leakage surveillance, 516
Light-weight c.h. boiler, 359
Line-pack compressors, 444
L.n.g. as fuel for vehicles, 86
L.n.g. tanker order for Norway, 484
Londonderry raises gas prices, 369
London district heating convention, 111
London research station, 597
London's new pipeline, 483
Long service certificate, 110
Low-pressure methanol synthesis, 494
L.p.g. activities in South Wales, 505

MABLETHORPE gas terminal, 507
Maintenance system for hazardous atmospheres, 547
Manchester section of I.G.E. celebrates centenary, 257
Marathon search in Irish Sea, 399
Marketing developments, 695
Marketing natural gas, 408
Meter accuracy, 290
Metrication, 599
Modern meter plant, 357
More opposition criticism in gas bill committee, 167
More reserves in Italy, 401
More Siberian gas finds, 614

NAM drills deeper, 420
N. America's largest oil field, 485
National consultative council is required, 111
Natural gas benefits, 459
Natural gas finds in Australia, 196
Natural gas inquiry, 308
Natural gas new record in sales, 399
Natural gas reaches record sales, 85
Natural gas reaches Scotland, 682
NCB objects to "knocking" ads, 643
N.E., J.I.C.—50th anniversary, 462
New exploration concessions in Irish Sea, 369
New mains to meet industrial demand, 285
New North Sea pipeline plan, 169
New North Sea strike, 441
New process for making pipeline gas from coal, 670
New rig in sea search, 421
Noise level meter, 295
Non-domestic conversion day by day by W. P. Simmons, C.Eng., 229
Norfolk gas link nearing completion, 401
North Eastern Gas Board: James McNair, 26; Colin N. Brook, 373
North Eastern Gas Consultative Council: S. Jewson, 313; Councillor A. J. Hardcastle, 486
North Thames five-year marketing plan, 225
North Thames Gas Board: R. P. Rhodes, 289; R. G. Bloom, 289; E. J. Edwards, 373; G. E. Cooper, 309
North Thames Gas Consultative Council: H. F. Maton, 115; Mrs. D. E. Price, 115; K. P. G. Markland, 115
Norway to build lng tanker, 353
Norway plans seismic survey, 641
N.W.G.B. has highest gas ouput in Britain, 260
N.W.G.B's radio-linked computer, 311

OCEANOLOGY exhibition, 482
Offshore exploration licences allocated, 639
Oil search intensified, 523
Operation "Inform" launched by N.T.G.B., 258
Organic coating stripper, 155
Oval wheel meter, 204

PACKAGED burner panels, 96
Packaged gas burners, 410
Paper plant to use natural gas, 309
Paper summaries, 658
Parkinson Cowan group results, 226
Partnership for gas exploration, 461
Patent Review, 136/137, 469/470, 622
Pay award for senior grades, 611
Pay talks start again, 483
Phillips examine l.n.g. project, 171
Pipeline engineering convention, 658
Pipeline Industries Guild meeting, 260
Pipeline industry certain to grow, 611
Pipeline inspection, 627
Pipeline reinstatement, 484
Pipeline technology, 651
Pneumatic system alarm equipment, 179
Polishing the image of engineers, 552
Portable gas alarm, 512
Potterton expansion, 547
Pressure regulator and flow limiter, 340
Pride in achievement—but no complacency (leader), 17
Prospects for l.n.g., 461
Prospects in the gas industry, 370
Protein-from-gas process, 161
Public relations in the cathedral (leader), 439

RADIO link for N.G.B., 401
Radiotelephone conversion kit, 204
Rationalisation of marketing, 309
Records go up, 111
Redundancies at gas plant, 645
Reinforcements for the marketing force, 680
Remote gas monitoring, 704
Report of the Society of British Gas Industries, 503
Retirements: J. Dyde, 110; P. Whitelam, 313; W. J. Steed, 313; W. Whiten, 356; J. Howes, 601; R. Hilham, 601; S. Pritcher, 672; H. A. Lavender, 672

Reverse closing method for diaphragm valves, 294
Rise in Canadian gas sales, 112
Rising costs of customer service, 613
Role of the Institution of Gas Engineers, presented by F. M. Moys, M.A., 89
Royal Dutch-Shell expansion, 400
Russians find "solid" gas deposits, 86
Russia lowers gas production sights, 398
Russia's gas deal with Italy, 112
Russo-German gas deal signed, 170

SALES drive in Far East, 614

Salesmen, get on your marks (leader), 191
SBGI's new secretary, 88
Scotland queries gas price differential, 372
Scotland's total energy contract, 397
Scottish Gas Board, Appointments: G. B. Scott, 623
Scottish Gas Consultative Council: Councillor J. Jennings, J. Bailmain, 486
Seaflame looks to the future, 645
Self-cleaning oven makes debut, 259
Self-powered actuators, 422
Serving Europe's gas industry, 495
Set fair for the summer season (leader), 457
£7.5m. more on wages bill, 547
Shell financial results, 260
Shell spent £13m. in sea search, 287
Sir Henry Jones rebukes Press, 259
Six recent electronic pressure transmitters, 96
Smokeless fuel scarcer, 420
Smokeless fuel problems, 286
South African oil and gas strike, 371
South Eastern Gas Board: C. H. Townsend, 356
Southerngas appoint four directors, 87
Southern Gas Board; Appointments: L. Bean, 87; J. F. Doran, 87; M. Redman, 87; W. W. W. Martin, 87; John Forsyth, 131; Colin Sullivan, 131; Donald MacKenzie, 131; Donald Johnson, 131; Paul Clarke, 131; Robert Evans, 424; R. Evans, 623; T. Eddlestone, 623
Southern Gas contract, 225
South Western Gas Board: D. G. Blagbrough, T. W. Jackson, F. G. Oliver, F. Tweedle, 672
South Western Gas Consultative Council, A. G. Peglar, 601
Soviet deposits, 372
Spherical heating jackets for Dutch pressure vessels, 704
Standing committee on the Gas Bill, 195
Steel works opts for natural gas, 547
Stock exchange by M. Duffy, 95, 178, 382, 492, 624
Stores control, 466
Strain gauge and welding units, 179
Subsidies for coke, 421
Survey of "likely demand" for gas in South Africa, 574
S.W.G.B. doubles industrial load, 149
S.W.G.B. introduce new tariffs, 354
Swiss import more natural gas, 475
Switch photocell, 119
System to protect gas works from corrosion, 138

TACTICAL victory for the Tories (leader), 351
Tapping saddles, 119
Technician register to be initiated, 682
The American "coal rush", 597
The four key factors of natural gas, 353
The I.G.A. will never be the same again (leader), 501
The King is not yet dead, but . . . (leader), 221
The price struggle starts again (leader), 419
Thirty sales in thirty days, 627
Three important "firsts" for the West Midlands, 545
£3m. meter partnership, 596
Three-way exhausting valve, 155
Time-proportioning temperature controller, 267
Top priority for industrial sales, 503
To Russia with gas, 674
Total energy for Singer, 425
Tougher meter laws, 371
Trade figures challenged, 505
Trend-setting controls for the '70s, 678
Trying to make a good Bill better (leader), 147
Turbine flow transmitters, 154
21 years of challenge and change (leader), 481
Two Southern's industrial contracts, 193

U.G.I. takes over British Thermostats, 495
U.K. gas search, 110
Ultrasonic leak detector, 383
Ultrasonic thickness gauges, 155
Underground storage for Dutch gas, 372
United Gas bid opposed, 114
Unnecessary — but probably wise (leader), 255
U.S. gas focus moves north and west, 596

VARIABLE couplings, 205

Vast gas reserves in Alaska, 271
Visual display board, 267

WALES Gas Board; appointments: P. Gallaher, 261; Dr. A. F. Trotman-Dickenson, 373; C. T. Fletcher, 551
Wales Gas Consultative Council: Councillor J. Reddy, 313
Wanted: someone to take the blame, 507
Wanted: strong boys for whipping, 125
Water-pressure portable cleaner, 96
West Midlands Gas Board: G. N. Wright, 25; K. E. Jones, 647
West Midlands Gas Consultative Council: Alderman S. G. Sheppard, Alderman R. Wilkinson, 486
Who pays the piper by R. G. Bloom, N. Thames Gas Board, 427
W.M.G.B. new transport depot, 113
Workers' pay claim, 85, 111
World's largest l.n.g. contract, 641

YARROW wins BSC contract, 398

Yeo Bridge, 487
Yorkshire gas reserves, 421

Gas Showroom

JANUARY

CENTRAL heating in the 1970's, 19

Old houses into new homes, 16

FEBRUARY

CONVERSION fitter is an ambassador, 29
Heat without flame reformed natural gas, 21
Should we sell gas appliances? 24
Vectagas—designed for the way people live, 32

MARCH

COMMERCIAL gas, 13
Microbore central heating for the country-craft house, 33
Santon join the gas industry, 18
We need this Main cooker, 22

APRIL

MORE about the cooker that cleans itself, 27
North Eastern Board's housing development packages, 30
The Valor 70, 22
Vulcan Verona, 32
Warning against nylon tube for central heating systems, 35

MAY

CENTRAL heating. Are we in for heavy weather? 9
Dunlop burner—and no risk of linting. 36
Gas in homes, 20
Hevac '70, 15
Ignition problems, 13

JUNE

RECENT developments in domestic and commercial marketing, by A. I. D. Frith, 18
The importance of the cooker, 11

Gas Transmission

JANUARY

DIGEST, 3

Good joint sealing is crucial, 6
Slick crossing of the River Exe, 13
Laying pipes across a bog, 16
Products and Processes: Valve range increased; Something new in compressors; Portable welding set; Simple modification to town gas burners; Pipe saddles and tapping toes; Strainers and filters; New packages from Solar; Gas leakage alarm system, 17/18

FEBRUARY

DIGEST, 3

Transported sulphur recovery plants, 6
Gas and oil production off Alaska, 9
Products and Processes: Inflatable support for pipelines; Versatile machine work for on-site work; Repair can be cheaper than purchase; Providing a leak detection service; Improvements to power rammer, 13/14

MARCH

DIGEST, 3

Added protection for North Sea gas pipelines, 6

An advanced design of a mechanical joint for ductile iron gas mains, 7

Products and Processes: Hastings flare gas flow probe; Welding plant for hire; Smaller, lighter and cheaper; Plastics pipe fitting development, 10

APRIL

DIGEST, 3

Methanol swabbing, 7

Cathodic protection for buried gas pipes, 10

Products and Processes: Grit blasting cleans inside of pipes; Valves at June exhibition; One-man operated compressor, 14

MAY

DIGEST, 3

Products and Processes: This little pig goes both ways; Wall chart tells how flowmeters work; Computer order for Russian gas plant; Repair for undersea pipes; Gas scrubber exhibit; Cold sawing cutting machine; Detects reverse pump running; Wider welding tool range; Pipe cleaner pictured; Liquefied gas handling pumps, 6 and 16
Supply, 7/15

JUNE

DIGEST, 3

Focus, 6
Pipeline, 8
Products and Processes: Impact testing of plastic pipe; Coating to replace stainless steel; Derusting priming treatment; Formula to stop valves sticking; Nylon webbing slings, 9

Industrial Gas

AN object lesson in service (Eastern Gas), 91

BACK-ROOM boys show their "heating machines", 136
Birlec furnace gives rapid heating, A, 118
Biscuits go "natural", 42
Board engineers design special gas-fired furnace, 84
Boiler plant has automatic system, 64
Boilers to heat St. Paul's, 42
Boots sign up for North Sea gas, 41
Bread is now baked by natural gas, 121
Britain's largest total energy contract, 115
